

Hi my name is **Paul from Infinity Martial Arts at Kawana Waters**. I am currently looking at local businesses that have a similar client base to ourselves to do some cross business promotions.

We have been successful with the few we have started working with, and by putting their flyers and cards with their offer on into our new member packs (see below) they have been successful in attracting our customers to give them a try.

Offers vary according to your needs but all it takes is an incentive for our customers to use your business

These professional packs are given out to all new members and contain information about our academy and timetables etc. as well as your flyer's.

As you can imagine with a client base like ours we can give them to a wide variety of customers, children, the parents of the children and our adult new members. Also we have flyers and offers from the businesses on our information area in the academy so existing members and visitors can access the same offers. There is no cost involved in this advertising, all we ask is that you have one of our lead boxes in a prominent place in your establishment which offers your customers a free entry into our **3 months Free Training competition.**

The boxes are pleasing to the eye and don't take up space (ideal for counters and service desks).

I will call every week to empty any entries in the box and pick up any more flyers or advertising material that you may want me to distribute within our packs.

I am limiting the amount and type of businesses we have in our pack so there is no competition between adverts .

This offer is limited to the amount of leadboxes we have so if interested call me on **0459488256** or e-mail me at **paul@infinitymartialarts.com.au**
